

Geography - Our School and Village

Geography is the study of **human** and **physical features** of the earth. A human feature is man made (our school) and a physical feature is naturally created (the sea).

Globe

World Map

Atlas

Key Vocabulary

Aerial View

A picture of a place taken from high up above the ground.

Plan Perspective

A drawing or view of a place from above, showing where things are located.

Simple Key

A simple key helps people to know what a plan or map shows.

Landmark

A landmark is a feature that makes a place easy to recognise. For example, Sway Tower is a landmark in Sway because it helps people identify the village.

Physical Feature

A physical feature is something natural. For example, a flower or a rock.

Human Feature

A human feature is man-made. For example, our school or church.

Maps

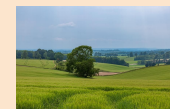

A map is a picture of an area from above that helps us find places and features.

Location

Location is where a place or feature is in the world.

Physical Features of Sway

Human Features of Sway
